MoneyOne Office Version 2 – NOW AVAILABLE

> MONEYONE SOLUTIONS . . .

Oasis Asset Management is pleased to announce the release of MoneyOne Office Version 2. Developed by our MoneyOne team, MoneyOne Office Version 2, contains a number of new features designed to enhance practice management efficiencies in your business including:

- ⌵ **Batch Switching**
Switch or re-weight investments for any number of your clients.
- ⌵ **Model Portfolios**
Setup an investment portfolio for a group of your clients relevant to their requirements.
- ⌵ **Investor Filtering**
Search through your client information using customisable queries.
- ⌵ **Investor Rating**
Develop customised ratings for your clients to enable them to be automatically grouped for investment choices or mail merges.
Download MoneyOne Office Version 2 by simply accessing the 'download updates' button once you login.

> IMPORTANT INFORMATION REGARDING MONEYONE OFFICE VERSION 2

When you download MoneyOne Office Version 2 please note the following:

- ⌵ Your existing client data will be retained; and
- ⌵ Any previous test version of MoneyOne Office on your desktop and any previous version of MoneyOne Office (eg. Version 1.36) will automatically be updated to Version 2 when accessing the 'download updates' button.

You may also note improvements to the design and navigation in MoneyOne Office Version 2.

These aspects of the software have been enhanced to ensure MoneyOne Office continues to be an efficient practice management tool.

> SYSTEM REQUIREMENTS
